SUPPORT RESOURCES:

During this uncharted time of transition and change, we all know that we will have students that need more support and assistance due to their move home, financial struggle, distance-learning challenges and so much more. Please know that the services students received while on campus are still available to them remotely. If you speak to a student or find a student in distress, you have the following services who can assist you in providing the best overall care for the student.

EMERGENCY SITUATIONS:

If you have students who you perceive are in imminent danger to self or others, please call 911. This is difficult as many students are working on-line from their homes and are not living on campus. Please give police as much detail of concern and inform them of last known location or address if you have it.

CARE REFERRALS:

If you have students who you perceive to be threatening, harming or disruptive and it does not require an immediate emergency response, please let the Student Care Team know via the "Report A Concern" link on the Student Care Team website: https://studentcareteam.uconn.edu. The Care Team phone line is a non-emergency line that is monitored during regular business hours. If you have any specific questions regarding the Care Team or submitting a referral, you can contact Marci Schneider, Care Team Program Manager at 860-486-8777 or you can email Dr. Claudia Arias-Cirrinci, Associate Dean, Director of Student Care and Concern at c.arias@uconn.edu or Erica Granoff, Director of Student Services at Erica.granoff@uconn.edu.

OFFICE OF STUDENT SERVICES:

If you have students that need to identify possible solutions to challenges they face as they navigate this change in routine, please refer them to the Office of Student Services. Examples of things that this office can assist students with would be any academic, personal or financial stress they may be experiencing. For more information, please visit their website: https://stamfordstudentlife.uconn.edu or https://dos.uconn.edu. If a student is unsure which office to contact, the Office of Student Services is a great place to direct students to and the team will work to get them connected to the right resource. Please contact the Office of Student Services via email at stamfordstudentservices@uconn.edu.

CENTER FOR STUDENTS WITH DISABILITIES (CSD):

The Center for Students with Disabilities will work with you to ensure you receive your approved accommodations. If you are concerned about any accommodations as they apply to online learning, please reach out to your Regional Campus Coordinator- Nicole Wasson (Stamford) nicole.wasson@uconn.edu

- Email will be the best method of initial communication
- Nicole is available from 8:30am-4:30pm Monday through Friday

As you make your transition to classes online, the CSD has put some resources together: https://csd.uconn.edu

MENTAL HEALTH RESOURCE CENTER (MHRC):

The Mental Health Resource Center will continue to be a resource for you, especially during this time of potential increased stress and many unknowns. If you feel you may benefit from supportive counseling or are looking for a referral to a community provider, the Clinical Case Managers will be available remotely. If you would like to set up an appointment, the best way to contact is to email Kallyn.griffin@uconn.edu or cody.bergeron@uconn.edu.

If you leave a confidential voicemail at 203-251-9597, we will do our best to get back to you within 24 hours. You can also visit our website at https://mhrc.stamford.uconn.edu for more information as well.

Please be aware that emergency protocol remains the same. If you are experiencing a clinical emergency, please call UCPD at (860) 486-4800, 911 or proceed to your nearest emergency department.

Thank you for all that you do and we look forward to partnering together to make sure that we continue to care for our students and offer the best support.
